

Discovering Church Membership Class

Taught by Senior Pastor Keith Gillming

This 2 week class was created by our Senior Pastor, Dr. Keith Gillming so that he might enable new members and converts to understand major doctrines, share the vision of Lighthouse, enable folks to find meaningful ministries and so that he and his wife Becky might get to know all of our new folks personally.

The Discovery Class meets on two Wednesday nights from 6:30-8:00 PM. The class will provide a variety of materials such as a booklet explaining the themes of all 66 Books of the Bible. We will also tackle the vital doctrines that Lighthouse holds on to as well as doing several fun exercises; one is to take a “*Spiritual Gifts Test*” that enables you to see where your strengths are so you can serve the Lord in a very purposeful way.

The participants are encouraged to be faithful to attend both classes since free materials will be provided and timely studies will be impossible to restudy. We will meet in the old foyer outside the entrance to the offices. Light snacks will also be provided.

Discovery Class Vitals
